

## Environmental Oversight Status 9/18/08 (Final)

Table modified extensively 4/10/08. See 3/13/08 Status for historic archival detail.

#	Date Action/Recommendation	Lead Member	Current Status	Historical Comments	To BOS Date	Final Date
1	<b>ENVIRONMENTAL EDUCATION</b>  Evaluate environmental education activities to coordinate environmental education programs, and in particular, nitrogen loading and waste water, in conjunction with the School Committee.	R. M.	School Committee/EOC member Ralph Marcelli will coordinate with the school Dept.  Temperature controls will be set at <u>Cooling:</u> <u>Heating:</u> 74-78 occupied              68-72 85 unoccupied              55  Middle School Science Fairs will feature environmental items	Students have formed an effective, active High School Environmental Club, with a School provided and funded Advisor. A revised zone 2 has resolved discharge area questions. The plant engineering operator reports safety issues with grating and tank deterioration that are under evaluation.  Coombs School & PTA have established an environmental "Cool the Earth" club with an assigned teacher/advisor. Kick-off scheduled for 9/26/08.		
2	<b>MASHPEE RIVER RESTORATION</b>  The EOC requests the Board of Selectmen provide an overall status on the dredging project.	D. M. G. G	8/16/07 Acting Chair George Green will follow up to acquire a library of scientific reports generated to date. 9/20/07 Waterways Commission will be invited to provide status at a future Oversight Committee meeting. . The BOS have requested a report from the Waterways Comm. every two months to provide closer monitoring.	Waterways Commission has been unable to present dredge status with EOC. The results of all modeling received indicate miniscule changes in the water quality parameters evaluated so small as to be inconsequential. Title changed to Mashpee River Restoration 7/10/08 to better describe river's needs in the area of marsh restoration. 8/14 – EOC to request BOS reinvigorate efforts to improve river. 9/18 No Change	1/2/06	
3	<b>COMBINE WATER-SEWER</b>  The BRCC recommended the BOS work with the Mashpee Water District and Sewer Commission to formulate a combined fresh water/waste water entity.	D. M.	BOS put combining the Sewer Commission and Water District on back burner until the new sewer report regarding needs is released later in 2007.  G. Green suggests hold remain until status of Town/District relationship is resolved.	EOC voted unanimously to recommend BOS restart water/sewer combination talks. BOS have decided to initiate talks between attorneys to determine course of action require if combination is warranted. 8/14 – Water District council memo describes required path. Town council to be advised. 9/18 No Change	6/12/08	

4	<p><b>NATURAL FERTILIZERS/ FRIENDLY LAWN PROGRAM</b></p> <p>The BRCC recommended the BOS use natural fertilizers and materials for maintaining Town playing fields and buildings to set an example for the rest of the community.</p> <p>The BRCC also seeks support for the creation of a “friendly lawn” program similar to the one in Falmouth.</p>	E.T.	<p>11/8/07</p> <p>EOC Member E Theis is working efforts to establish the program county wide and hopes to have progress in the spring. Falmouth Friendly Lawns asks only for credit for use of any of their product.</p> <p>County-wide activity suspended till fall due to Cape Cod Commission reorganization.</p>	<p>BOS has included natural fertilizers in contract for Town landscaping. DPW has converted to organic fertilizers for around buildings and is testing one field at Heritage Park using organic fertilizers.</p> <p>Item 6 this status (Brochures) has been combined into this item(4).</p> <p>8/14/- E Theis working on revised brochure 9/181 No Change</p>	6/12/08	
5	<p><b>Grant Applications</b></p> <p>The committee has suggested the town increase efforts to obtain grant funding in support of environmental sustainability.</p>	G. G. All	<p>EOC voted to advise Selectmen action should be considered for providing grant preparation support to Departments, with a goal of securing grant funds.</p>	<p>Selectmen’s office to draft RFP</p> <p>8/14 – Town manager to coordinate with County Admin. to develop best course of action to proceed. 9/18 in process</p>	6/12/08	
6	<p><b>Brochures and Handouts</b></p> <p>The BRCC voted to request the Water District to help support educational programs regarding conservation, environment and water issues.</p>	E. T.	<p>E Theis is investigating publishing opportunities for “Falmouth Friendly Lawn” similar items.</p> <p>3/13/08 C Green to touch base with NCRS for existing pamphlets and E Theis will follow up on Orleans pamphlet.</p>	<p>Moved to item 4 (Fertilizer Friendly Lawns) this status.</p> <p><b>Closed</b></p>	1/2/06	6/12/08
7	<p><b>TOWN-WIDE STORMWATER MANAGEMENT PLAN.</b></p> <p>.</p> <p>.</p>	BK FOR PLNG BOARD	<p>The Planning Board will continue to review/develop local zoning by-laws, general by-laws, special permit regulations, and will undertake a complete review of the subdivision regulations with a focus on stormwater management including evaluation “no increase in lot runoff” bylaw.</p>	<p>Planning Board Consulting Engineer Charles Rowley’s report “Stormwater Report on Runoff to Mashpee &amp; Santuit Rivers From Public Ways” was completed in May 2006. This report identified locations where corrective measures to reduce runoff contamination of Mashpee and Santuit waters are needed. DPW and Conservation Commission received a copy for review of action items recommended in the report.</p>	/11/06	

7	<p><b>TOWN-WIDE STORMWATER MANAGEMENT PLAN.(Cont.)</b></p>		<p>DPW is reviewing potential BMP actions for Sampsons Mill Rd Bridge area. They need to develop a maintenance plan and schedule for BMPs. Planning Board/DPW will be coordinating NPDES activities.</p> <p>A Draft Homeowners Primer in "Power Point " forma was provided to committee members Comments were requested from the members and it was to be placed on the Town's Web Site and that of the Mashpee Environmental Coalition. Final comment date EOC Sept. Mtg</p>	<p>.Planning Board working with DPW creating road specifications that will include wastewater BMPs. DPW will utilize regs.</p> <p>Quinaquisset swales not yet constructed, still scheduled. Review of Sampsons Mill Rd at the Santuit River and a Santuit Pond Town Parcel (Lantern Lane) for run-off solutions added 8/14 – NPDES Permit expired, need State renewal solicitation. No current info on swales or Town Road specifications, 9/18/08 Mashpee version of Orleans "Blue Book" suggested by B Kane as a replacement for "Homeowners Primer" Review copies for committee to be obtained.</p>		
8	<p><b>SANTUIT POND</b></p> <p><b>The BRCC recommended the BOS look into the source of the pollution that is killing off Santuit Pond. 9/14/06 BRCC meeting.</b></p>	<p>Ed Baker Don Myers Ted Theis</p>	<p>Selectmen requested Request for Proposals (Santuit Pond Evaluation) drafted by the CC Commission needs redoing. Draft emailed to EOC Committee BRCC, on 2/15/07, supported the acquisition of two submersible water parameter measuring devices to provide more specific data on fresh water bodies conditions.9/11/08 No action on devices</p>	<p>R York outlined a proposal for automated water quality parameter measuring devices for presentation to the Cable Advisory Committee as a funding application. The committee voted to support the request for Cable Technology Funding unanimously. This request goes back to Blue Ribbon Committee days.</p> <p>Inputs to the "Santuit Pond Study" RFP have been received from 3 proposers and the technical portions rated. The highest rated proposal was offered at \$50,500 and the proposal submitter will be invited to attend a discussion of the Statement of Work at the next EOC Meeting.</p>	<p>10/06</p>	
9	<p><b>CREATE LAND STEWARD PROGRAM</b></p> <p><b>The BRCC recommended the BOS evaluate the feasibility of creating a "Town Lands Volunteer Stewards Corps".</b></p>	<p>Ed Baker</p>	<p>The Conservation Commission, has assumed the leadership role, set up an administrative structure and held a Kick-off meeting. The program is underway with approximately 50 volunteer stewards</p>	<p>.9/18/08</p> <p>The program appears to need follow-up to improve implementation..</p>	<p>3/26/07</p>
