

Quaker Run

- Truly an underground river first becoming visible as Noisy Hole Conservation Area wetlands
- Continuous surface flow starts in Willowbend CC active bogs below Sampsons Mill Road
- Completes its journey to the Shoestring Bay portion of Popponesset Bay
- Viewable at Quinaquisset Av. Crossing, largely surrounded by private lands
- Some oral histories suggest the name “Quaker Run” is associated with Wampanoag aided flight of Quakers from persecuting Protestants along the River Valley which actually starts in Sandwich near Peters Pond
