

Quashnet River

- Headwaters, John's Pond
- Ends in Waquoit Bay (Falmouth) as the Moonakis
- Restored Fly Fishing/catch-release trout stream
- Herring run with ladder at Northeast corner of John's Pond
- Lower portion of river is tidal to above Rte. 28
- Significant amount of river tangent lands in conservation
- Flows through Town Bogs near source
- Connection to John's Pond is manmade as an additional water source for bogs visible at top of inset
- Bordered in areas below Quashnet Valley CC by fallow and mostly overgrown bogs
